OLSS Represents Control Associates in Acquisition of Boutique HVAC Services Provider

Orloff, Lowenbach, Stifelman & Siegel represented [Control Associates](#), a leader in modern industrial automation solutions and the Emerson Impact Partner serving the greater New York metropolitan region, in the acquisition of MV Controls, Inc., a specialized provider of HVAC solutions serving the same region.

The acquisition expands Control Associates' HVAC leadership position by allowing the company to offer supplemental steam and hydronic solutions and components, in addition to the wide variety of premier steam solutions and technical acumen associated with Control Associates.

The OLSS deal team included Adam Haberfield and Jack Vrablik.
