## OLSS Represents PayerAlly in its Acquisition by HealthScape Advisors

OLSS recently represented PayerAlly, an independent pharmacy benefit management (PBM) consulting firm, in its acquisition by HealthScape Advisors, a Chartis company.

PayerAlly, founded in 2022, had built a practice spanning PBM procurement, specialty pharmacy strategy, and medical drug management before joining HealthScape's national payer advisory platform. Their innovation and growth attracted a major national advisory platform in just three years.

OLSS' corporate and tax attorneys regularly counsel closely held and founder-led businesses through sale transactions of this nature, with businesses ranging from industrial service providers, cybersecurity companies and custom manufacturers to grocery stores.

If your business is considering a sale or acquisition, contact us to learn how we can help.
